MEMORANDUM OF UNDERSTANDING

FOR ONCOLOGY SUPPORT AND ESTABLISHMENT OF ONCOLOGY OPD

This Memorandum of Understanding (MoU) is made and entered into on this 05th day of October, 2026,

BETWEEN

SPOORTHY Ayurvedic Medical College and Dr. S. V. Savadi Ayurvedic Hospital,
 Vidyanagara, Raichur Road, Gangavathi, Karnataka,
 hereinafter referred to as the "First Party", represented by its authorized representative,

Statutory Alert:

1. The authenticity of this Stamp certificate should be verified at 'www.shoilestamp.com' or using e-Stamp Mobile App of Stock Holding. Any discrepancy in the details on this Certificate and as available on the website / Mobile App renders it invalid.
2. The onus of checking the legitimacy is on the users of the certificate.
3. In case of any discrepancy please inform the Competent Authority.

AND

Hubli Super Speciality Cancer Hospital,
Vidyanagar, Gangavathi, Karnataka,
hereinafter referred to as the "Second Party", represented by its authorized representative.

The First Party and Second Party shall collectively be referred to as the "Parties."

1. PURPOSE OF THE MoU

The purpose of this MoU is to establish a collaborative framework between the Parties for:

1. Establishment and functioning of an Oncology OPD at SPOORTHi Ayurvedic Medical College and Dr. S. V. Savadi Ayurvedic Hospital.
2. Early identification and screening of patients with suspected or known cancer.
3. Appropriate clinical evaluation and identification of patients requiring further investigation.
4. Facilitation of timely referral of suspected or confirmed cancer patients to appropriate oncology/speciality services.
5. Providing coordinated supportive care to cancer patients wherever appropriate and within the scope of the respective institutions and registered medical professionals.
6. Promoting awareness regarding cancer prevention, early warning signs, screening and timely treatment.
7. Conducting cancer screening and awareness camps in the community.
8. Establishing a structured referral and follow-up system between the two institutions.

2. ESTABLISHMENT OF ONCOLOGY OPD

The First Party shall facilitate the establishment of an Oncology OPD within the premises of SPOORTHi Ayurvedic Medical College and Dr. S. V. Savadi Ayurvedic Hospital.

The OPD shall function as a coordinated service for:

- Clinical assessment of patients with suspected malignancy.
- Identification of cancer-related symptoms and warning signs.
- Screening and preliminary evaluation.
- Review of available investigation reports.
- Identification of patients requiring specialist consultation.
- Referral and coordination with appropriate oncology/super-speciality services.
- Follow-up and supportive care, wherever clinically appropriate.
- Patient and family counselling regarding the importance of timely diagnosis and treatment.

3. ROLE OF THE FIRST PARTY

SPOORTHi Ayurvedic Medical College and Dr. S. V. Savadi Ayurvedic Hospital shall:

1. Provide suitable space and basic infrastructure for functioning of the Oncology OPD.
2. Facilitate registration and maintenance of patient records.
3. Identify patients presenting with symptoms or clinical findings suggestive of malignancy.
4. Facilitate appropriate investigations and specialist referrals.
5. Coordinate cancer awareness and screening programmes.
6. Provide Ayurvedic consultation and supportive care wherever appropriate, subject to clinical suitability and applicable regulations.
7. Ensure that patients requiring urgent or definitive oncology treatment are appropriately referred without unnecessary delay.
8. Maintain confidentiality and appropriate medical documentation of patients.

9. Facilitate follow-up of referred patients wherever possible.

4. ROLE OF THE SECOND PARTY

Hubli Super Speciality Cancer Hospital shall, subject to availability of appropriate specialists and services:

1. Provide specialist consultation for patients referred from the First Party.
2. Support the Oncology OPD through appropriate specialist/oncology consultations.
3. Assist in the clinical evaluation of suspected cancer cases.
4. Facilitate appropriate diagnostic investigations, including laboratory, imaging, biopsy and histopathological evaluation as clinically indicated.
5. Provide or facilitate appropriate oncology treatment and specialist management at the Second Party or another suitable centre, as clinically indicated.
6. Provide guidance regarding further management, referral and follow-up.
7. Participate in cancer screening, awareness and educational programmes organized jointly by the Parties.
8. Provide appropriate feedback to the referring institution, subject to patient consent and applicable confidentiality requirements.

5. PATIENT REFERRAL AND COORDINATION

A structured referral mechanism shall be developed between the Parties.

Patients suspected of having malignancy shall be referred for appropriate specialist evaluation and investigation.

Patients diagnosed with cancer shall be counselled regarding available treatment options and referred to an appropriate oncology facility for definitive management wherever required.

Emergency and clinically urgent cases shall be referred immediately to an appropriate higher centre without waiting for routine OPD procedures.

6. DIAGNOSTIC SERVICES

Where required, patients may be advised investigations such as:

- Complete blood and biochemical investigations
- Radiological investigations
- Ultrasonography
- CT/MRI/PET-CT where clinically indicated
- Endoscopic evaluation
- FNAC
- Biopsy
- Histopathological examination
- Immunohistochemistry and other specialized investigations

The choice of investigations shall be determined by qualified healthcare professionals based on the patient's clinical condition.

7. CANCER SCREENING AND AWARENESS PROGRAMMES

The Parties may jointly organize:

- Cancer screening camps
- Cancer awareness programmes
- Public health education programmes
- Women's cancer screening programmes
- Oral cancer screening programmes
- Head and neck cancer awareness programmes
- Tobacco and alcohol cessation awareness programmes
- Training programmes for healthcare professionals
- Community outreach programmes

Such programmes may be conducted at the First Party's premises or at suitable community locations.

8. MULTIDISCIPLINARY APPROACH

The Parties shall endeavour to promote a multidisciplinary approach to cancer care involving appropriate specialists such as:

- Oncologists
- Surgeons
- Radiation oncologists
- Pathologists
- Radiologists
- Ayurvedic physicians
- ENT specialists
- Gynaecologists
- General physicians
- Palliative and supportive care professionals

The involvement of specialists shall depend upon the clinical requirements of individual patients.

9. AYURVEDIC SUPPORTIVE CARE

Where clinically appropriate, the First Party may provide Ayurvedic supportive and integrative care to cancer patients in accordance with applicable professional standards, institutional protocols and regulatory requirements.

Ayurvedic supportive care shall not delay, replace or interfere with necessary evidence-based cancer diagnosis or definitive oncology treatment.

10. INFRASTRUCTURE AND HUMAN RESOURCES

The First Party shall provide the required space and basic facilities for the Oncology OPD.

The Second Party shall make reasonable efforts to provide appropriate specialist support as mutually agreed upon by the Parties.

Specific arrangements regarding visiting specialists, consultation schedules, investigations, manpower, equipment and other resources may be documented separately through mutually agreed written schedules or addenda.

11. PATIENT RECORDS AND CONFIDENTIALITY

Both Parties shall maintain appropriate medical records and protect the confidentiality and privacy of patients.

Patient information shall be shared between the Parties only for legitimate clinical, referral, treatment, follow-up, research or administrative purposes and in accordance with applicable laws, regulations and institutional policies.

12. FINANCIAL ARRANGEMENTS

The financial arrangements relating to consultations, investigations, procedures, treatment, professional services, camps and other activities shall be mutually decided by the Parties from time to time.

Unless specifically agreed in writing, this MoU shall not create any automatic financial obligation upon either Party.

13. AWARENESS AND EDUCATIONAL ACTIVITIES

The Parties may jointly undertake academic and educational activities including:

- CME programmes
- Workshops
- Case discussions
- Cancer awareness lectures
- Training programmes
- Public education programmes
- Clinical meetings

These activities shall be conducted according to mutually agreed schedules.

14. ETHICAL AND REGULATORY COMPLIANCE

Both Parties shall comply with applicable laws, professional regulations, ethical standards and institutional policies governing healthcare services.

All diagnosis, treatment and medical procedures shall be undertaken by appropriately qualified and authorized healthcare professionals within their respective scope of practice.

15. PUBLICITY AND USE OF NAMES

Any joint publicity, advertisement, poster, social media communication or publication referring to this collaboration shall preferably be undertaken with the mutual consent of both Parties.

Neither Party shall use the name, logo or identity of the other Party for purposes unrelated to this MoU without prior authorization.

16. RESEARCH AND ACADEMIC COLLABORATION

The Parties may undertake collaborative research, academic projects, case documentation and publications relating to oncology and supportive care, subject to appropriate ethical approval, patient consent, institutional policies and applicable regulations.

17. DURATION

This MoU shall remain valid for a period of three (3) years from the date of signing, unless terminated earlier by either Party in accordance with the provisions of this MoU.

The MoU may be renewed by mutual written consent.

18. TERMINATION

Either Party may terminate this MoU by providing 30 days' written notice to the other Party.

Termination shall not adversely affect patients who are already undergoing care or follow-up. Appropriate arrangements shall be made for continuity of patient care.

19. AMENDMENT

Any amendment, modification or addition to this MoU shall be made in writing and signed by authorized representatives of both Parties.

20. DISPUTE RESOLUTION

Any dispute arising in connection with this MoU shall initially be resolved through mutual discussion and consultation between the authorized representatives of the Parties.

If the matter cannot be resolved amicably, the Parties may adopt an appropriate mutually agreed mechanism in accordance with applicable law.

21. NON-EXCLUSIVITY

This MoU represents a collaborative arrangement and does not prevent either Party from entering into similar arrangements with other institutions or healthcare organizations.

22. DECLARATION

Both Parties acknowledge that this MoU represents their mutual intention to collaborate for improving early identification, appropriate referral, diagnosis, treatment coordination, awareness and supportive care for patients with suspected or confirmed cancer.

The Parties agree to work together in the best clinical interests of patients while maintaining professional ethics, patient autonomy, confidentiality and applicable regulatory standards.
