Ref: NAAC 7.1.4 **Date: 29-10-2026**

7.1.4. Facilities in the Institution for the management of the following types of degradable and non-degradable waste.

Waste Management Facilities at Spoorthi Ayurvedic Medical College

1. **Solid Waste Management:**
Spoorthi Ayurvedic Medical College follows waste segregation practices by separating biodegradable and non-biodegradable waste at the source using designated dustbins. Biodegradable waste, including food and garden waste, is collected for appropriate disposal. Paper, plastic, and other recyclable materials are collected separately and handed over to authorized waste collection agencies.

2. **Liquid Waste Management:**
Wastewater generated from the hospital, laboratories, washrooms, kitchens, and other institutional facilities is managed through proper drainage and sanitation systems. Regular maintenance of drainage facilities helps maintain hygiene and prevent water stagnation. Wastewater is disposed of or treated as per applicable regulations.

3. **Biomedical Waste Management:**
Biomedical waste generated in the teaching hospital, clinical departments, laboratories, and treatment areas is segregated at the point of generation using colour-coded bins as per Biomedical Waste Management Rules. Sharps, contaminated dressings, and other biomedical waste are handled safely and stored in designated areas before being handed over to an authorized Common Biomedical Waste Treatment Facility for treatment and disposal. Staff and students are sensitized regarding safe biomedical waste handling.

4. **E-Waste Management:**
Discarded computers, printers, cables, electronic equipment, and other electronic components are collected separately and stored safely. These are handed over to authorized e-waste recyclers or collection agencies for environmentally safe recycling and disposal.

5. **Waste Recycling System:**
The institution encourages the reuse and recycling of paper, plastic, metal, and other recyclable materials. Students and staff are encouraged to minimize waste generation, conserve resources, reduce paper usage, and maintain cleanliness across the campus.

6. **Hazardous Chemicals and Radioactive Waste Management:** Chemicals used in laboratories and institutional facilities are labelled, stored, and handled with appropriate safety precautions. Hazardous chemical waste is segregated and disposed of through authorized agencies according to applicable regulations. Radioactive waste is not routinely generated in the institution; if any such waste arises, it will be managed according to applicable statutory guidelines.

AND WHEREAS DR S V SAVADI AYURVEDIC HOSPITAL, RAICHUR ROAD, VIDYANAGARA, JANGAMARA KALGUDI, GANGAVATHI Tq: GANGAVATHI Dist: KOPPAL an Individual Health Care Establishment (hereinafter referred to as HCE) acting through Dr. BASAVARAJ SAVADI having 60 number of beds, O.T and Laboratory has agreed to avail the services of the Common Bio-Medical Waste Treatment Facility (CBWTF) Plant set up by the above said Associates.

AND WHEREAS the Associates would be making arrangement to manage the Plant and dispose of the waste as envisaged under the relevant rules for management of waste generated by the hospitals in general.

Both the parties agree to work together in the field of Hospital Waste Management as under:

Terms of reference:

Responsibilities of the Occupier Health Care Establishment (HCE)

1. To obtain authorization from the Karnataka State Pollution Control Board (KSPCB) with actual number of beds in their HCE (Refer Annexure I)
2. To ensure that the waste is handled without causing health hazards to human health and the environment.
3. Large bins or trolleys from storage area to the transport vehicle would have to be arranged by the HCE.
4. To segregate waste at the point of generation in accordance with Schedule I & II of the Biomedical Waste Management Rules 1998, 2016 & NGT direction and in compliance with the plan worked out by the M/s Sri Sharana Associates, Koppal to facilitate treatment at the plant. On site segregation and storage should be according to standards prescribed.
5. To establish secured waste collection site for storage within the HCE before handling over to the, the Common Bio-Medical Waste Treatment Facility Plant.
6. To furnish annual reports regarding generation, collection, storage, transportation and disposal of bio-medical wastes in the prescribed format to the prescribed authority.
7. To maintain record and report accidents etc, whenever they occur.
8. To disinfect sharps and mutilate them or at least hand them over in a puncture proof And secure container for mutilation and sterilization at the site.
9. To use appropriate bags and bins for segregation, collection and storage before handing over to the M/s Sri Sharana Associates, Koppal representatives for treatment.
10. On time payment of service charge will be the responsibility of the HCEs. The HCSs will have to make the arrangements for the payments of the service charge to the authorized person of the M/s Sri Sharana Associates, Koppal at the M/s Sri Sharana Associates, Koppal Interaction Centre.

Services to be provided by the M/s Sri Sharana Associates, Koppal:

1. To schedule the collection timings and mode in consultation with the HCE but within a reasonable range of time.
2. The M/s Sri Sharana Associates, Koppal representatives would arrange to collect segregated biomedical waste from specific locations of each of the HCEs with whom this MOU is being signed.
3. The M/s Sri Sharana Associates, Koppal will be responsible for the safe transport of the biomedical waste from the HCE to the common facility in accordance with the Biomedical Waste Management (BMWM) Rules, 1998, 2016 & NGT direction
4. Appropriate treatment and disposal of different categories of waste would be carried out by the M/s Sri Sharana Associates, Koppal in accordance with the BMWM Rules, 1998.
5. Monitoring and ensuring complete disinfection/sterilization of the waste in accordance with the BMWM Rules will be carried out in collaboration with the Karnataka State Pollution Control Board (KSPCB) at Koppal.
6. A liquid effluent treatment plant to treat the liquid wastes emanating from the treatment facility will be established and operated in accordance with the Environment Protection Act (EPA) 1986.
7. The collected waste material may be checked periodically for segregation, labeling ECT. And suggestions may be given for improvement which the HCE must implement.
8. Waste audit and quantification will be carried out at the individual HCEs by M/s Sri Sharana Associates, Koppal from time to time, which will be submitted to the Medical Superintendent of the HCEs with a copy to the KSPCB. The HCE should cooperate and facilitate the same as in enumerating the beds.
9. Consent for operation and authorization for the facility will be procured by the M/s Sri Sharana Associates, Koppal and regularly renewed.

Joint Procedure order:

The Client and the M/s Sri Sharana Associates, Koppal will jointly prepare a detailed procedure order covering the working methodology to be adopted during the term of contract and the same will become the manual to be followed during the term of contract.

The M/s Sri Sharana Associates, Koppal will collect, transport, store, treat and dispose of the different waste in accordance with the Bio medical Waste Management (BMWM) Rules 1998 and will avoid becoming liable for improper treatment or disposal.

Emergency Contingency Plan:

In case of failure to collect waste for more than 48 hours from the designated time, the M/s Sri Sharana Associates, Koppal and the KSPCB will be informed by the HCE. M/s Sri Sharana Associates, Koppal will collect the waste from the HCEs within 48 hours (excluding Sunday). However, considering the magnitude of the waste M/s Sri Sharana Associates, Koppal may collect waste from major HCEs on Sundays as well. Collection of waste may not be undertaken on major holidays declared by Government. M/s Sri Sharana Associates, Koppal will intimate to the HCEs about the non collection. M/s Sri Sharana Associates, Koppal will not undertake collection of waste in the case of strike in the city and any other such conditions beyond its control. In case there is disruption of services either in the collection, transportation, storage such as breakdown at the treatment and disposal site, the contingency plan put forth at the time of applying for consent of the establishment of the common facility would be implemented.

Mode of payment:

Collection, Treatment & Disposable charges……= **Rs. 3/- per bed/day**

The payment will be collected every month and will have to be given by the HCEs to the authorized persons from the M/s Sri Sharana Associates, Koppal in the first week of the month for which the waste collection is going on. HCEs will have to make arrangements for the on time payment of the service charge to the authorized person of M/s Sri Sharana Associates, Koppal. The above rates are applicable to the HCEs for every year starting from **1st April 2024 to 31st March 2025.** And in case is subject to the conditions of the hike in fuel, GESCOM and manpower and etc/other rates and services as per Government orders. And in constant delay in payment or non- payment by HCEs for more than one month, M/s Sri Sharana Associates, Koppal will have the right to charge double the amount pending and if the non-payment continues beyond the second month, then the will invoke the penalty clause and cancel the contract with the said HCE after giving a notice in that respect.

Dispute resolution:

In case of any dispute between or among the parties hereto regarding any of the clauses of this MOU, the matter shall be referred to arbitration of such person(s) as the M/s Sri Sharana Associates, Koppal may decide and the same shall be decided in accordance with the provisions of the Indian Arbitration Acct in force. The agreement is subjected to the jurisdiction of Courts in Koppal. Transport or any other reasons as asking nature whatsoever, the parties shall discuss the same among themselves in the spirit in which this MOU is signed rather than attempting to revoke the penal provisions.

This contract is valid from: 08/01/2025 to 07/01/2026.

Date of HCE established :18.03.2022
